

ICT - BIOCHAIN

Deliverable 6.8 Project Video

Acronym: ICT BIOCHAIN
 Project title: ICT-BIOCHAIN – ICT Tools in Efficient Biomass Supply Chains for Sustainable Chemical Production
 Contract N°: 792221
 Start date: June, 2018
 Duration: 24 Months

Deliverable number	D6.8
Deliverable title	Project Video
Submission due date	M6 – August 2018
Actual submission date	11/09/2018
Work Package	WP6
WP Lead Beneficiary	SIE
Dissemination Level	Public
Version	03
Authors	Sustainable Innovations Europe

3. Introduction

Task 6.2 aims at proactively promoting the ICT-BIOCHAIN project and its final results by providing targeted information to various audiences. The promotion activities will be part of the dissemination and communication plan, and this document presents one of the steps in achieving this objective.

4. Project Video

The ICT BIOCHAIN video disseminates what this project means for the promotion of the bioeconomy in Europe. In this way, the video presents the scope of the project, its main objectives, the most important elements in its development. With this video you have a clear and functional explanation of the most outstanding content of the project and its scope, it is the initial brushstroke so that all users can understand what ICT-BIOCHAIN supposes.
